# Notes

## Important Information

- SMR refers to the variable Standard Mortgage Rate (The SMR has no upper limit or cap).
- Charges will apply for a Homebuyer report. See page 20 for full details.
- Loan size and LTV are dependent upon the circumstances of the application, for full details please refer to the lending criteria.
- Cashback will be paid per account and is payable to customers within one month of completion of the mortgage.
- Free legal fees cover the conveyancer's professional charges relating to the remortgage when using one of our panel managers.
- Subject to product/property type, house purchase only.
- If your client is increasing their borrowing, the maximum LTV for standard repayment remortgages is 85%, unless your client is consolidating debts or paying off a non-Help to Buy second charge, in which case the maximum is 80%.
- Please refer to the Early Repayment Charges section below for full details.
- The minimum lending amount is £10,000 for all reasons except home improvements, which has a minimum lending of £5,000. See Lending Criteria for full details.

## Interest Only Mortgages

New Interest Only lending is available subject to the following criteria:

- Remortgage and House Purchase only, excluding first time buyers and members porting an existing mortgage
- Maximum 60% LTV
- Maximum 25 year term or retirement if sooner
- Minimum income: £75,000 for single applicants/£100,000 for joint applications
- Minimum equity levels:
  - £300,000 for Greater London/Outer Metropolitan
  - £250,000 for Outer South East
  - £200,000 for all other UK regions

Before an Interest Only mortgage is offered, the customer/s must sign the Interest Only declaration form.

For a copy of the form or more information on Nationwide's Interest Only mortgage go to [www.nationwide-intermediary/interest-only](http://www.nationwide-intermediary/interest-only).

## Fixed and Tracker Mortgages

Fixed and tracker rates are limited offers and may be withdrawn at any time. They are not available on bridging loans or commercial loans.

All mortgages have a range of flexible features to help your clients manage their mortgage in a way that suits their lifestyle. Overpayments and underpayments are available but subject to conditions. Free valuation and free standard legal fees for remortgage customers.

## Tracker Mortgages

All of our tracker products assume a Bank of England Base Rate of 0.10% and rates are correct at time of going to print. All of our tracker products reserved after 12 June 2009 have a floor of 0.00%. This means that if the Bank of England Base rate were to fall to 0.00% or less during the tracker period the rate payable will be 0.00% plus the agreed set percentage above the Bank of England base rate. This means that the rate payable will never go below 0.00% plus the additional percentage rate of the tracker mortgage.

For products reserved prior to this date, please refer to the client's mortgage offer. A maximum overpayment allowance is only applicable if an ERC applies to the product. Where a product has no ERC, there is no maximum overpayment allowance. A redemption fee is charged if your client repays their main mortgage in full more than 10 years before the natural term ends, unless they are taking a new Nationwide mortgage at the same time. For details, please see the table below. ERCs aren't applied when on BMR/SMR.

## Additional information

The product reservation is valid for 90 days from reservation. On the 91st day the product expires unless an offer has been issued. To continue with the case, a new product must be reserved and new product/booking fees must be paid (where applicable). For applications that have been fully submitted, please call the mortgage service centre or upload a Material Change Form. Cases that are at DIP/Product Reservation stage must be rekeyed.

A non-refundable booking fee may be payable on product reservation. If applicable, the booking fee can't be added to the loan and must be paid at reservation. A product fee may be payable depending on the product selected. Some products are available without a product fee. If you recommend this option your client will pay a higher rate of interest over the deal period compared to the product fee option.

If you recommend the option with the product fee they can pay this when they apply or they can add it to their loan, the total of the loan plus the fee mustn't exceed the client's affordable amount. If they add this fee to their loan they will be charged interest on it during the term of the loan.

Please note that if you reserve a product for your client, but your advice changes and you reserve a different product, they'll receive a full refund of the product fee (if one was paid). The client will be charged a product fee (which may be added to the loan) for the second product reserved.

Should your client need to change their property post submission of their full mortgage application, then a new application will be required. This will require payment of a new product reserved from the rates available at the time of re-application. Please note that fee refunds can take up to 2 weeks. We reserve the right to request the product fee should the mortgage not complete.

Nationwide mortgages reserved on or before 29 April 2009, or 30 May 2009 for the Derbyshire Building Society or 14 June 2009 for the Cheshire Building Society will revert to the Base Mortgage Rate (BMR) at the end of the initial term. If your client chooses to switch to a new Nationwide mortgage product, the new product will currently revert onto our Standard Mortgage Rate (SMR). The SMR will apply to Dunfermline Building Society mortgages. Both are variable rates which we may vary in accordance with our mortgage terms and conditions. However, the BMR is guaranteed to be no more than 2% above the Bank of England base rate, whilst the SMR has no upper limit or cap. If your client chooses to switch to a new product, it's not possible to switch back to the BMR at a later date.

Former Portman Building Society mortgage customers whose mortgage product was taken out before 28 August 2007 or whose mortgage is now on or linked to the Nationwide Base Mortgage Rate should refer to their mortgage conditions for details of the flexible options and product features that apply to their mortgage. The product features listed in this brochure refer to new Nationwide mortgages.
