This tax calculation is based on figures in your tax return, before it has been checked. It is not our confirmation that your return is complete or correct. If, at a later date, your return is found to be incorrect, your tax calculation will be amended accordingly.

The amount of Student Loan repayments included in this calculation will be reported to Student Loans Company and credited to your Student Loan account.

We have sent a copy of this notice and calculation to your agent. We will write to you and your agent again if we have any questions about your tax return. Please let us know if there is anything you do not agree with or do not understand in our calculation. Our telephone number is shown above.
