In order for us to process your client's Rate Switch, we require that the Acceptance of the Rate Switch Offer Form should be received at least 7 working days before the 1st of the month when the Rate Switch is to take place, to ensure your client's mortgage payment is amended in time. You will receive a copy of the Acceptance Form with your client's Rate Switch Offer.

Acceptance Forms received after this time and before the expiry date on the Rate Switch Offer, will be processed with the Rate Switch taking place on the 1st of the following month. Acceptance Forms received after the expiry of the Rate Switch Offer will not be processed and your client(s) will need to reapply.

Your mortgage requirements

The applicable product interest rate chosen to switch to will be based on the property's Loan to Value (LTV). For a Rate Switch application the LTV is calculated using the Total Mortgage Balance and the valuation Nationwide hold for your client's property. To obtain an up to date LTV, please retrieve your client's details on NFI Online. The LTV will be displayed on the Account Summary screen.

Product fees

If multiple accounts are being switched, any applicable Product Fees across the accounts will be discounted, so the equivalent total of one Product Fee is due per Rate Switch application provided the product selected is the same for each account switching.

Total Product Fee Add fee to the loan Pay fee upfront

Total Booking Fee

If the chosen product comes with a Booking Fee and/or Product fee, being paid upfront, we will need to take payment of the fee from your client(s) before the Rate Switch can be processed. Repayment plan(s) shortfall (for Interest Only or Part and Part loans only)

If the repayment plan(s) selected doesn't cover the full amount of the existing interest only borrowing, then your client will need to confirm acceptance of a shortfall risk. The client(s) can continue on this basis, by agreeing to accept the risk of having this potential mortgage repayment shortfall against the interest only loan.

I can confirm that the client(s):

- Have been informed that there are insufficient repayment plans to cover the existing interest only element of their mortgage
- Have been informed of the repayment plans that Nationwide Building Society accept
- Have chosen to accept the risk that they're not protecting this interest only borrowing with an acceptable repayment plan
- Are aware of the full implications of this risk and that they'll still have to repay the capital of the interest only balance at the end of the mortgage term

Loss of features

If your client(s) current mortgage deal was taken out with Nationwide on or before 29th April 2009 they will move to our Base Mortgage Rate (BMR) when their deal ends. The BMR is guaranteed to be no more than 2% above the Bank of England Base Rate and includes the ability to borrow back any overpayments the applicant may have made, as well as take payment holidays. If the applicant chooses to switch to a new mortgage product, they will no longer have access to the BMR or its accompanying facilities and will revert to our Standard Mortgage Rate (SMR) which has no upper limit or cap.

If your client(s) took their mortgage deal out with Nationwide on or before 3rd March 2010, and are currently on our Standard Mortgage Rate (SMR), the applicant will also have access to borrow back and payment holiday facilities. Please be aware that if the applicant chooses to switch to a new mortgage product, they will no longer have access to these facilities.

If your client's original mortgage deal was taken out through the Cheshire, Derbyshire or Dunfermline Building Societies their product features may vary. To discuss what features are available to your client(s), please contact the Dedicated Broker Support team on **0345 600 31 31**, Option 2.
