Things to remember

- You'll be asked for the client's middle name if applicable. Please ensure this is recorded or you will be asked to submit the case again, potentially incurring further fees. If they are an existing member and their name details need to be amended, they will need to contact Nationwide directly.
- When keying any Bonus, Overtime or Commission income, please ensure the figure entered matches the frequency of the bonus payment.

For example: Applicant A is paid a Quarterly bonus of £1000

Bonus

Bonus frequency

i This equates to an annual income of £4,000.00

Enter
£1000 as

Then choose Quarterly as the Bonus frequency from the dropdown box.

Don't annualise the figure first and then choose Quarterly, as this will inflate the figure.

- A.** The case isn't editable. This could be for a number of reasons, including but not limited to:
- Someone else has the case open in edit mode
 - The COT has been received and the case can no longer be amended
- Some decline decisions will also mean that a case can't be edited. If you're unsure as to why the case can't be edited, please contact us via Broker Chat by selecting '**Chat Now**' and choosing '**Online technical support**'.

DIP

- Q.** I've not been asked the correct questions for my Shared Ownership, Equity Share, or other scheme-related case on the Loan Requirements page.
- A.** Please check that you have chosen the appropriate scheme from the '**Property Ownership Type**' dropdown, found on the loan requirements page. Once this has been chosen the correct questions will appear.
- Q.** I'm experiencing difficulty entering an address I know to be correct.
- A.** Please contact us via Broker Chat by selecting '**Chat Now**' and choosing '**Online technical support**'.

DIP Reprocessing

- Q.** My case has been declined, however when attempting to reprocess the DIP it's not allowing me.
- A.** Some decline reasons do not allow the DIP to be reprocessed; to check the status of your case please contact us via Broker Chat by selecting '**Chat Now**' and choosing '**Online technical support**'.
- Q.** The case has been scored however I've noticed that the applicant's name and/or address details are incorrect. Can I now amend these?
- A.** Once the DIP has been scored you are unable to amend the current and previous address history, or applicant's name. You will need to create a new application. Providing that this is done and scored within 5 calendar days of the original DIP decision, no additional soft footprint will be left on your clients' credit record.

Product Reservation

- Q.** I've already reserved a product but now wish to change it. Is this possible?
- A.** To reserve a new product, reopen the case and then click on **'Reserve Product'** and follow the onscreen prompts. Once the application has been submitted, you may be able to change the reserved product through the amend case function. Please see the **'Amend Case'** section of this guide.

FMA

- Q.** I'm finalising details of the loans to be cleared, but it's not allowing me to continue from this page.
- A.** During the DIP you declared the loans being repaid and their current monthly payment. This information needs to match on the FMA. Therefore, only enter the details of loans being repaid and ensure the total monthly payments are equal to (not greater than) the figure at the top of the page. If this information has changed since the DIP, you'll need to reprocess the Outgoings section in the DIP to ensure this is correct, and then retry.

Attach Documents

- Q.** An error is appearing when I attempt to send you my case requirements.
- A.** When scanning your documents please ensure they are saved in .TIF, .PDF or .JPEG format; and that they are below 9MB in size. If the document is more than 9MB, you will need to split this down into smaller parts and attach separately.
- Common things to check on your scanner software: Image resolution is set to 150dpi or lower, and colour is black and white or greyscale.**

Other

- Q.** When opening case documents they appear blank or there is an error on the screen.
